

**Grape Hunter Reviews**  
**Dr Plonk 5<sup>th</sup> June 2012**

**Fleur de Clinet Pomerol, 2008**

This Chateau is in the heart of the gravelly gently sloping area of Pomerol. Dark Ruby Purple in colour with typical bouquets of Dark Blueberries and plums with hints of spice and oak. The palate is broad and juicy with a constancy that is punctuated by chalky tannins. The wine is typical of the region growing Merlot and Cabernet Franc. A very good wine that would serve Eye Fillet, quince and red wine jus and truffle mash.
